The history of the Netherlands is a history of seafaring people thriving on a lowland river delta on the North Sea in northwestern Europe. Records begin with the four centuries during which the region formed a militarized border zone of the Roman Empire. This came under increasing pressure from Germanic peoples moving westwards. As Roman power collapsed and the Middle Ages began, three ...

Unless new forms of corporate governance can be devised, however, these benefits may come at a cost to democratic self-rule. A still more subtle way that firms can engage in political activity is through the exercise of their property rights (Christiano 2010).

Business Ethics (Stanford Encyclopedia of Philosophy)

The individual is forced into a new system of rules while facing social stigma and stereotypes from the dominant group in society, further marginalizing and excluding individuals (Young, 2000). Thus, social policy and welfare provisions reflect the dominant notions in society by constructing and reinforcing categories of people and their needs.
