The instrument cluster located on your Ford's dashboard is equipped with warning lamps and indicators that allow you to easily monitor your vehicle's condition and control settings. Upon starting your vehicle, you may see some of these indicators light up as a routine check to verify functionality.

Warning Lamps and Indicators - Official Ford Owner Site

Engine Light: One of the most sensitive lights on a Ford, the check engine light has two warning levels. For less serious issues (assuming the vehicle is operating normally), the light will stay on but remain steady. If the light blinks, however, there is a major issue. Do not drive the vehicle. Have it towed to the nearest repair facility.
