Cognitive Psychology Victoria University Melbourne. Cognitive learning theories are credited to Jean Piaget. Examples and applications of cognitive learning theory: Educational Learning., The only recourse, Cattell asserted, was the application of systematized contemporary cognitive psychology, behaviorism and psychology.

Application of cognitive psychology in education

Jean Piaget argues that a scheme it is a concrete mental structure that can be transported and systematized. A scheme can be generated in many different degrees of abstraction. In the early stages of childhood, one of the first schemes is that of ' permanent object , which allows the child to refer to objects that are not within his perceptual scope at that time.
