Public Opinion and the Supreme Court | The Heritage Foundation

A number of recent polls demonstrate broad public support for the job the justices are doing, though this approval appears influenced by party alignment. Surveys of public opinion on the court were released this month by Gallup and the University of Pennsylvania's Annenberg Public Policy Center, and Marquette Law School released another yesterday. Although the results depend to some degree on how the questions are framed, the polls share two central findings: The Supreme Court enjoys an ...

The supreme court in July ruled 7-2 against the president, rejecting Trump's arguments that he can't even be investigated, let alone charged with any crime, while he is in office.

Supreme court fight likely as judges rule Trump must turn ...

Maybe had the Supreme Court, after 1937, simply decided cases in accord with "public opinion" then Friedman's argument might have held water. Had that happened, we could say that the public had figured out "what it wanted" from the Supreme Court and that the public had "tailored" the Court to fit its needs.
