### Seveneves Neal Stephenson

Seveneves is a hard science fiction novel by Neal Stephenson published in 2015. The story tells of the desperate efforts to preserve Homo sapiens in the wake of apocalyptic events on Earth after the unexplained disintegration of the Moon and the remaking of human society as a space-based civilization after a severe genetic bottleneck

### Seveneves - Wikipedia

SEVENEVES is a very old project; I first started thinking about it when I was working at Blue Origin, probably circa 2004. The kernel around which the story nucleated was the space debris problem, which I had been reading about, both as a potential obstacle to the company's efforts and as a possible opportunity to do something useful in space by looking for ways to remediate it.

### Neal Stephenson - Seveneves

Neal Stephenson's Seveneves is impressive! Mankind has two years to prepare for the end of the world. Go! There have been other books with a similar premise, but the devil (about how humanity comes together to work out the enormous technological and existential problems of the challenge) is in the details.

So when a friend recommended Neal Stephenson's most recent novel, Seveneves, I thought I would give it a try. I had read one of Stephenson's earlier books, Snow Crash, and thought this new one would be a good way to get back into sci-fi. I'm really glad I did, because Seveneves is a thought-provoking and thoroughly enjoyable book.
