Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

The Guardians Grimoire Guardian Series

The Guardian's Grimoire had promise but lost its way early and never quite made sense again. There are many 5 star reviews of it on Audible and maybe my listening experience was an aberration. So, in order to justify my thoughts on this audiobook, I am going to get a tad specific.
