The term "Droid" has been licensed by Verizon Wireless for their line of smartphones based on the Android operating system. Motorola's late-2009 Google Android-based cell phone is called the Droid, and this line of phone has been expanded to include other Android-based phones released under Verizon. The term is used under license from Lucasfilm.

Some sellers sell the Verizon version of the S20 separately. They should all do that. I was sent the S20 5g UW. The UW stands for "Ultra Wideband" and is the specific mmwave technology that Verizon uses for 5G. The previously released S20 was only compatible with other carriers "low-band" 5G technology.
